

Berendo

Changing the world one sip at a time!

- **Berendo offers Premium Fair Trade, Organic espressos and coffees.**
- Our head office is based in Ahuntsic .
- Berendo is very cognizant of environmental and social causes.
- As an environmentally friendly company, we recycle our espresso and coffee compost with a local school for Horticulture.
- One of our primary objectives is to help those around us, and we continue to contribute part of our revenue to « Opération Enfant Soleil ». Children are our future!
- Also, to fulfill another of our social goals, we teamed up and partnered with Le Transit, whose mission is to plan, develop and manage commercial activities that create employment for intellectually and physically challenged people.
- Le Transit's mission is to roast beans on demand, therefore keeping a fresh supply at all times. The plant is certified ISO 9001 :2008. Le Transit is not only certified organic but certified Kosher as well.
- We guarantee quality and freshness as our roaster adheres to the highest standards in quality and freshness.
- Berendo is constantly researching new trends and equipment coming to market which would meet your needs. We listen to your needs, do our research based on these needs and then make recommendations to suit your specifications.
- Berendo can also assist you in the maintenance of your existing or new equipment. We will train your staff on how to perform daily upkeep. We also help in the long term care of your equipment, thus extending the life of your espresso or regular coffee machines.
- In the coffee industry, Berendo is highly recognized for its exceptional products and service.
